Important that all students see themselves in the curriculum. This policy will only impact Instructional Materials. Once all the edits have been made to the proposed policy, it will again be vetted through legal counsel before being presented again to the full board in early August. This will not appear on the agenda for the July BOE meeting but will be on the agenda for the next Policy meeting, date to be determined.. It's hoped that once school starts this will be complete or near completion and ready to be brought to a full vote by the Board.
