

SALINE AREA SCHOOLS | Y5-5TH

COMMUNITY WEBINAR

WE WILL BEGIN AT 7:15 P.M.

2ND TRIMESTER INSTRUCTIONAL OPTIONS

INSTRUCTIONAL PROGRAM GOALS

Keep students and staff safe

Provide instructional models that best meet the educational and social/emotional needs of our students

Logically organize our staffing model in a way in which it will allow these instructional models to thrive

OPTION 1: IN-PERSON INSTRUCTION

Your child will attend, in person, as much as possible, based on local conditions. At the elementary level, we are committed to safety protocols being followed. These include consistent mask wearing, social distancing to the best of our ability (which will not always be possible especially in the classroom), frequent hand washing and other hygiene techniques, limited movement throughout hallways, etc.

Addition of synchronous virtual instruction on Friday mornings

OPTION 2: DISTANCE LEARNING INSTRUCTION

Your child will receive all of their instruction from one of our teachers in a virtual environment and will not physically be coming to school. Specials instruction will continue to be recorded.

CONSIDERATIONS

In order to rebuild the schedule to honor parent requests, this is what all of this will mean:

1. There may be students moving from virtual to in-person and in-person to virtual classrooms.
2. Class sizes may change as a result of shifting students between instructional models.
3. Although we will try to keep students with their first trimester teachers, there will be some instances (in both instructional models) where students may need to move classrooms.
4. Our staffing model is likely to change. We may have some teachers moving to teach in-person who were previously virtual teachers.
5. Safety is still very important to us. Required mask wearing, frequent hand washing, and social distancing, to the best of our ability, will be enforced.
